2nd Cycle – Customer's monthly bill due on the **21st** of each month

3rd Cycle – Customer's monthly bill due on the **26th** of each month

SIGNATURES

By signing this agreement Applicant agrees that all information is true and correct. Any misrepresentation of the facts by the Applicant on this Service Application and Agreement shall result in discontinuance of service pursuant to the terms and conditions of the District's Policies.

Customer Signature: Date:

Co-Customer Signature: Date:

District Witness: Date:

This agreement is made on _____ (**Date**) between _____ (**"Customer"**) and Rockett Special Utility District (the "District"). The District will maintain a copy of this agreement as long as the Customer and/or the property is connected to the District's water system. The District and Customer must execute this service agreement before service is provided to Customer.

The District agrees to provide retail water utility service to Customer at _____ (**"Property"**) and Customer agrees to pay all applicable fees for such service in accordance with the Rate Order of the District, as amended.

*The District will bill Sewer and/or Garbage fees according to the Customer's billing cycle checked on Page 1 of the Service Application. Any questions regarding Sewer and/or Garbage services and/or fees, please contact The City of Waxahachie at (469) 309-4000, The City of Red Oak at (972) 617-3638 or The City of Ferris at (972) 544-2110.

***This applies only to Customers that are in The City of Waxahachie's, The City of Red Oak's or The City of Ferris Sewer and/or Garbage service area.**

All bills shall be due and payable upon receipt and are past due beyond the due date indicated on the bill (allowing approximately 15 days to pay), after which time a penalty shall be assessed. Payment for utility service is delinquent if the full payment, including late fees and regulatory assessments, is not received at the District by 4:30pm on the due date. Water service will be restored to disconnected accounts only upon payment of all amounts due and owing the District with cash, money order, credit card, or certified check during normal business days of the District, Monday through Friday, 7:30am to 4:30pm, subject to the holiday schedule.

All water furnished by the District shall be metered by meters installed, maintained and owned by the District. The meter and connection is for the sole use of the Customer and is to provide service to only (1) dwelling or one (1) business. Any attempt to tamper with or to by-pass a meter, or to divert water utility service from one property to another, or to share, resell or sub meter water to any other person, dwelling, business or property is prohibited. Unauthorized users of District services shall be prosecuted to the extent allowed by law under the Texas Penal Code § 28.03.

As a condition of service, the Customer agrees that the Customer and all persons or entities owning an interest in the property served by the meter will execute before a notary public the District's standard waterline easement. Customer understands and acknowledges that the District is under no obligation or liability to look for any water leaks occurring on Customer's property and the District may not know when or if a leak is on said property.

The District shall have the right to select the location of the water service meter, pipe and appurtenant equipment on Customer's property necessary to connect Customer to the District's water system. The District shall have access to its meter and equipment located on Customer's property at all reasonable times for any purpose connected with or in the furtherance of the District's business operations, and upon disconnection or discontinuance of service, the District shall have the right to remove any of the District's property from Customer's property.

Damage to the District's equipment (meter, endpoint, meter box, etc.) may result in repair or replacement fees charged to the customer. _____ **Customers Initials**

Customer agrees to pay any applicable service trip charges and understands that these charges must be paid with the next monthly utility service bill or services will be disconnected in accordance with the District's Rate Order.

By signing this agreement, the Customer agrees to comply with the terms of this Agreement and the District's Rate Order, if the Customer fails to comply with the terms, the District shall, at its option, terminate service.

The District's Rate Order is available at www.rockettwater.com.

The District has determined the cost for providing service to your property in the amount stated below. By signing this notice, you acknowledge that all charges and fees for service are non-refundable except for the Deposit. If you sell or vacate the property, you must request a final monthly bill and provide a forwarding address. The District will apply your Deposit to the final bill and refund the difference.

SERVICE APPLICATION AND AGREEMENT (CONT'D)

CROSS CONNECTION CONTROL & CSI/BACKFLOW

The District is responsible for protecting the drinking water supply from contamination or pollution which could result from improper practices. This Agreement serves as notice to each customer of the restrictions which are in place to provide this protection. The District shall enforce these restrictions to ensure the public health and welfare. The following undesirable practices are prohibited by state regulations:

1. No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an airgap or an appropriate backflow prevention assembly.
2. No cross-connection between the public drinking water supply and a private water system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the installation of an airgap or a reduced pressure-zone backflow prevention assembly.
3. All Industrial and Commercial customers will install a Backflow Device at the meter. Upon completion of construction, Rockett Special Utility District will conduct a CSI (Customer Service Inspection) to identify any other possible cross connections. Backflow Device must be tested when installed and tested annually by a certified inspector.
4. No connection which allows condensing, cooling, or industrial process water to be returned to the public drinking water supply is permitted.
5. No pipe or pipe fitting which contains more than 8.0% lead may be used for the installation or repair of plumbing at any connection which provides water for human consumption after January 4, 2014. Plumbing installed on or after January 4, 2014 may not contain more than 0.25% lead content.
6. No solder or flux which contains more than .2% lead may be used for the installation or repair of plumbing at any connection which provides water for human consumption.
7. All irrigation systems must have a proper backflow prevention device installed and tested.

The Customer agrees to permit their property to be inspected for possible cross-connections, potential contamination hazards, multiple connections on single meter, and illegal lead materials. These inspections shall be conducted by the District, or its designated agent, prior to initiating service and periodically thereafter. The inspections shall be conducted during the District's normal business hours, except in emergencies. [30 TAC § 291.81 (a)(2)]

The District shall notify the Customer in writing of any cross-connections or other potential contamination hazard which has been identified during the initial or the periodic re-inspection. The Customer shall immediately remove or adequately isolate any potential cross-connections or other potential contamination hazards on their premises. The Customer shall, at his/her expense, properly install, test, and maintain any backflow prevention device required by the District. Copies of all testing and maintenance records shall be provided to the District as required.

If the Customer fails to comply with the terms of this Agreement, the District shall, at its option, terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the Customer.
